Market where securities are traded	BVB, Main Segment, Bonds, symbol AUT24E

Important events to be reported: Signing of a SPA for the acquisition of Țiriac Operating Lease, the operating leasing division of the Țiriac Group

The Extraordinary General Meeting of Shareholders of Autonom Services SA approved on 25.01.2022 the conclusion of the transaction for the acquisition of 100% of the share package held by Molesey Holdings Limited in the share capital of Premium Leasing SRL (Țiriac Operating Lease). The Share Sale-Purchase and Debt Assignment Agreement was signed on 25.01.2022. The completion of the transaction is conditional on obtaining the agreement of the Competition Council.

The Enterprise Value indicator is estimated at over EUR 40M, including the company's net debt. The final takeover value will be adjusted according to the evolution of the company's financial data until the date when the transaction will be completed. The payment of the purchase price will be made entirely from the buyer's own sources.

Thus, two of the most important companies with full Romanian capital in the operational leasing market, with compatible visions in terms of customer focus and competitiveness of the benefits offered to them, are advancing to a new stage in building a stronger business in the mobility sector. Through this step, Autonom will increase productivity and turnover, strengthen its position on the Romanian operational leasing market and significantly exceed the threshold of 10,000 cars.

Premium Leasing SRL will continue to operate as a separate entity until the completion of the procurement procedures, and only after this date will the integration process within the Autonom Group take place. The integration process will take place only after all legal procedures have been

completed, as well as after requesting and obtaining all necessary approvals from the competent authorities.
